

An educational site where you can learn about personal finance and investing as part of a class. A stock simulator, a lesson tutor, and a competitive game, all in one. For free.

Lessons

Learn the basics about investing and the stock market.

Stock Simulator

Start with a virtual \$100k and invest it in the stock market.

Classrooms

Set up a classroom and monitor your students' progress and performance.

trenders.org was developed by Chris Kuehl and Ryan Leigh, students at Woodford County High School in Versailles, Kentucky.
